

24 June 2024

Dear Parents

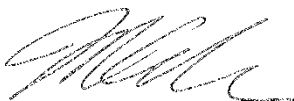

Holiday Activity and Food (HAF) Programme for Summer 2024 - Automated E-Vouchers

The summer holidays are the next HAF Programme delivery point. This will enable children receiving benefits related free school meals to access free holiday provision for 16 hours a week, for up to four weeks. The planned date for the E-Vouchers to be issued to families is **Wednesday 26 June 2024**. This delivery date is coordinated across Kent to ensure equality when booking activities.

Hot Weather

We have told students that they can leave their blazers in their lockers this week as the weather is forecast to be warm for the next five days. We expect students to still have all the necessary equipment, including planners and lunch fobs with them. Next week does not look as hot and we shall probably return to wearing blazers unless the forecast changes.

Yours faithfully

David Collins
Headteacher
